YES MARKS THE SPOT

On the hunt for function? Boom. Your search ends here. More specifically, where the dot is on this map. Here's the lowdown: 20-foot clear height. Office-slash-showroom. Three drive-in doors. Massive ~4,000 SF fenced yard and more parking than you can shake a stick at. We could keep going, but nobody likes a braggart. This is utility and flexibility: found.

- Unit Size 4,392 SF
- Rate \$4,250/Month Gross
- Available May 1, 2017
